

140A

Office of Legislative Counsel

Information for the Director's Log

Submitted: 12 July 1951

1. On 11 July General Smith, accompanied by Mr. Wolf and Mr. Pforzheimer, met with Chairman Vinson, of the House Armed Services Committee to discuss pending legislation for the construction of a CIA building. After a general discussion, the Chairman assured General Smith that favorable consideration would be given to our request.

2. Senator O'Mahoney informed Mr. Pforzheimer that he and Senator Ferguson would make every attempt to attend a briefing at CIA prior to the departure of Mr. Dulles on 12 July. However, the fact that Senators O'Mahoney and Ferguson were both tied up in the Floor debate of the Interior Appropriation legislation might make such a visit impossible at this time. On 12 July Sen. O'Mahoney's assistant called to state that it would be impossible for the Senators to be present at a briefing today but would inform us as to a convenient future date.

Walter L. Pforzheimer  
Legislative Counsel
